The Walks in the Woods are free and open to the public, but registration is required as space may be limited. Register online at www.northshorelandalliance.org or call 516-922-1028.

Saturday, January 7 at 11:00 a.m.

Winter Walk at Hope Goddard Iselin Preserve, Upper Brookville

Walk, ski or snowshoe with Jane Jackson and the Sierra Club along the lovely trails winding through a mix of habitats comprising Iselin Preserve's 42 acres.

Friday, February 17 at 7:00 p.m.

Stargazing Exploration at Wawapek, Cold Spring Harbor

Tom Carey, from the Custer Institute and Suffolk County Community College, will lead us in an indoor-outdoor exploration of starry skies when Orion is supreme.

Saturday, March 25 at 10:00 a.m.

Explore the Fascinating World of Lichen at Belmont Lake State Park, West Babylon

Ever been curious about that fungus/alga combination you see growing on trees and rocks? Andy Greller will provide an introduction to the fascinating world of lichen.

Sunday, April 23 at 11:00 a.m.

Early Spring Walk at Garden City Bird Sanctuary, Garden City

Rob Alvey will lead us through this fascinating old sump property, now a bird sanctuary, when lovely spring bulbs are in bloom.

Saturday, May 6 at 8:00 a.m.

Bird Walk at Roosevelt Preserve, Roosevelt

This hidden woodland gem surrounded by dense development provides important wildlife habitat and a buffer to Meadow Brook as it makes its journey to Merrick Bay. Come hear what Peter Martin has to say as he guides us in a search for birds during spring migration. Co-listed with the Sierra Club.

Saturday, June 10 at 10:00 a.m.

Explore the Property next to the National Grid Facility, Shoreham

John Turner and the Sierra Club will introduce us to a beautiful landscape that could soon be compromised if a proposed solar array is developed.

Saturday, July 29 at 9:00 a.m.

Smell the Flowers at Caumsett State Park, Lloyd Neck

Sweet pepperbush (*Clethra alnifolia*) is one of our most enchanting native shrubs when aroma from its flowers fills the air. Its flowers are attractive not only to humans but also to pollinating insects like butterflies, which we'll observe and identify. Ken and Sue Feustel will take us on a walk when flowering is at its peak.

Saturday, September 30 at 2:00 p.m.

Bird and Insect Migration Exploration at Lido Preserve, Nickerson Beach and Point Lookout Loop
